

PROFESSIONAL DUCT CLEANING

IMPROVE AIR FLOW EFFICIENCY

Heavy dust build-up can restrict the air flow from your air conditioner, forcing it to work harder and reduce overall efficiency. With clean registers & ducts from Howard Air duct cleaning, your system will operate at peak efficiency and provide the most cost-effective performance for your energy dollar.

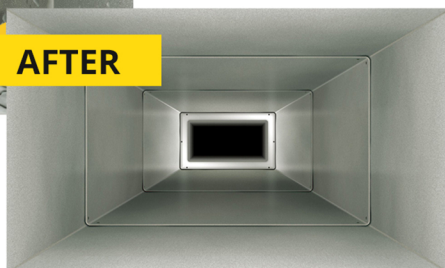

ELIMINATE DUST MITES

Airborne bacteria deposits serve as breeding grounds for dust mites and other unwanted microbes. Eradicate these pests with a professional duct cleaning from Howard Air!

IMPROVE INDOOR AIR QUALITY

The average home accumulates up to 40 pounds of particulates per year, contributing to allergies, asthma and other respiratory threats. Improve your indoor air quality with professional duct cleaning services from Howard Air today!
