ATTIC INSULATION

ATTIC INSULATION

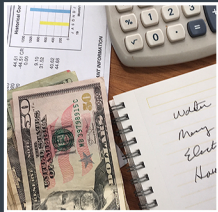

INCREASE EFFICIENCY WITH HOWARD AIR ATTIC INSULATION

WHY INSULATION?

With attic insulation, you'll reduce outdoor noise, increase overall comfort, and reduce your carbon footprint

LOWER ENERGY BILL

Insulation can also help lower your monthly energy bills & save you money

WHAT DOES "R-VALUE" MEAN?

Insulation ratings are measured in R-values per inch of thickness. An R-value tells you **how well a type of insulation can keep heat from leaving or entering your home**. Insulation R-values vary based on the type, thickness and density of the insulation material. Typically, a higher insulation R rating means better climate control and energy efficiency for your home.
